

PROBATION DEPARTMENT COUNTY OF SAN MATEO

Quarterly Post-Release Community and Mandatory Supervision Update April - June 2023: 53 New Supervisees

*since realignment began in October 2011, there have been 2,925 supervisees.

FY 2022-2023 Fourth Quarter Highlights	
<ul style="list-style-type: none"> 53 new supervisees 46 new PRCS supervisees; 7 new MS supervisees 36% of new supervisees live out of county 38% of new supervisees were transient 	<ul style="list-style-type: none"> 37 revocations were filed 54% of violations were technical violations 24% of violations were drug/alcohol crimes 59% of terminations were successful

PRCS and MS Released to SMC Supervision

Age

Gender

Race

PRCS			
San Mateo	4	Redwood City	3
Daly City	4	Belmont	1
Transient	20	Out of County	14
Total Supervisees	46		

MS		
San Bruno	2	Out of County
Total Supervisees	7	

Terminations, Revocations and Flashes

There were thirty-four (34) terminations during the reporting period. Fifty-nine percent (59%) were successful.

Total # of Supervisees Successfully Terminated		Total # of Supervisees Unsuccessfully Terminated	
PRCS – 12	MS – 8	PRCS – 6	MS – 8
<ul style="list-style-type: none"> • Early Terminations: 10 • Normal Terminations: 2 			

In the reporting period, we filed a total of thirty-seven (37) revocations, with PRCS having thirty-six (36) and MS having one (1) revocation. The breakdown by violation category is below:

Violation Type	PRCS	MS	% of Q4 Revocations
Property	4	0	11%
Drug/Alcohol	8	1	24%
Crimes Against Persons	2	0	5%
Technical	20	0	54%
Other Crimes	2	0	6%
Total	36	1	100%

Generally, the population is reoffending by committing crimes similar to those for which they are on Realignment, namely non-serious, non-violent, non-serious sex related crimes.

Fifty-four percent (54%) of revocations were for technical violations. Technical violations of supervision are filed when supervisees abscond or fail to abstain from substance use. It is important to note that the Probation Department usually files formal revocations after lower sanctions have been attempted, including flash incarcerations for PRCS cases. However, at times, officers may decide that a formal revocation is more appropriate than utilizing lower sanctions, depending on the circumstances of the violation. Forty-five percent (45%) of revocations filed were for new law violations involving crimes against persons, property, drug/alcohol related crimes as well as other crimes.

There were eight (8) **flash incarcerations** during this reporting period.

Four (4) cases were **transferred** to another county for supervision.

Recidivism Definition

San Mateo County: Arrest and/or Charges Filed within 3 years of Last Incarceration in San Mateo County, including warrant arrests, PTA/Court Sentence but **excludes** PRCS flash incarcerations/Revocation, 647/849B1 (no charges filed) or dropped charges.

Attorney General: An arrest resulting in a charge within three years of an individual's release from incarceration or placement on supervision for a previous criminal conviction

BSCC: A conviction of a new felony or misdemeanor committed within three years of release from custody or committed within three years of placement on supervision for a previous criminal conviction.

REALIGNMENT BULLETIN CY Q2: April 2023 — June 2023

Executive Summary:

Offenses committed by the supervised and in-custody realignment populations in San Mateo County during April through June (Q2) continue to show that this population commits drug and property crime offenses. However, we continue to see assault and weapons related offenses.

Overview:

During Q2, drug and alcohol offenses (20%), vehicle theft (14%) and grand theft (14%) were the top committing offenses for the realignment population (this includes the new supervised cases and in-custody realignment offenders). Please note, "miscellaneous" refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: elder abuse, violating court orders, and stalking.

The data used for this analysis was derived from information provided by the San Mateo County Probation Department and data from the SMCSO Corrections Division.

AB109: San Mateo County

Note: This data was obtained from different sources (Probation and Corrections) and may overlap slightly. However, the preceding analysis provides a general picture of the San Mateo County realignment population.

AB109 In-Custody Statistics

PC1170(h) New Sentenced Cases	Q2 2023	Q1 2023	Q4 2022
Number of new PC1170(h) cases	47	42	60
Total PC1170(h) Days to Serve	26,745	21,211	30,194
Number of Split Sentences	6	9	17
Number of Straight Sentences	41	33	43
Average Length of Stay (ALOS) all cases (after credits applied)	157	135	122
Average Length of Stay (ALOS) Split Sentences (after credits applied)	181	80	56
Average Length of Stay (ALOS) Straight Sentences (after credits applied)	154	151	148

Demographics of the Newly Sentenced PC1170(h) during Q2 CY2023:

<p>Gender:</p> <p>Male = 77% (36)</p> <p>Female = 23% (11)</p>	<p>Average Age:</p> <p>38 years old</p>	<p>Residency:</p> <p>25 - Out of County</p> <p>11 - In County</p> <p>11 - Transient/Unknown</p>
---	--	--

Mandatory Supervision Revocation

(MSV): Offenders in this population were re-arrested after being released from a PC1170(h) split sentence. Some of these offenders were ordered to serve the remainder of their original sentence and supervision was revoked; others were ordered to serve a portion of their original sentence and were reinstated on mandatory supervision.

MSV Revocation Cases	Q2 2023	Q1 2023	Q4 2022
Number of MSV Cases	7	11	7
Total MSV Days to Serve	1,455	2,155	1,671
Average Length of Stay	53	93	100

Average Length of Stay	57	61	87

Post Release Community Supervision (In Custody) Cases	Q2 2023	Q1 2023	Q4 2022
Number of PRCS Revocation Sentences	40	29	24
Total PRCS Revocation Days to Serve	1,788	3,836	3,523
Average Length of Stay	43	41	71

San Mateo County: In Custody (cont'd)

AB109 In-Custody on the Last Day of the Quarter:

On the last day of the quarter (June 30, 2023), the total AB109 in-custody population was 9.35% (99) of the overall average daily population (1,059), a slight decrease from the prior quarter 10.3% (103) with an ADP of 1,004.

During Q2 CY2023, vehicle theft, drugs & alcohol, burglary, and grand theft comprised the top new charges committed by the in-custody population. Please note that the category "Other Property Crimes" refers to offenses such as elder theft, receiving stolen property, embezzlement, forgery, and larceny. "Miscellaneous" refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: evading, false imprisonment, stalking, and arson.

FISCAL YEAR 2022-23 THIRD QUARTER
SUMMARY REPORT NARRATIVE

SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
& RECOVERY SERVICES**

Please Note: The BHRS Service Connect Dashboard is presented one quarter in arrears in order to present accurate data because submission deadlines are too soon after the quarter close.

AT-A-GLANCE: All Time Total BHRS Referred, Served, Number of Services, or Booking Encounter

The total number of participants referred to BHRS for treatment since July 1, 2017, is 3143 (increase of 53 over Q2) and of these, 1,829 (increase of 40 over Q2) entered treatment and/or recovery plans (participants served by BHRS and is a lower number because not all assessments result in treatment). Referred is defined as participants showing up for the first post-referral appointment and does not include those referred, but who did not follow through on the referral. This also represents the total number of services, 24,931 (both mental health and substance use treatment) provided to participants since the inception of the program (increase of 428). Services provided participants has increased as compared to previous quarters.

Open Service Connect Cases with a Service

This graph represents total Service Connect participants that received at least one BHRS service. The numbers do include participants that continued from quarter to quarter, so a participant could be counted more than once in each quarter if their case was open across multiple fiscal quarters. The Q3 count is 104, which is consistent with previous quarters, but is the highest count over the last four quarters.

Engaged Participants with Four or More Services in a Year

“Engaged” is defined as a participant receiving four or more services, meaning the participant has returned to BHRS for multiple appointments for different services, demonstrating the participant is engaged because they actively participate. Engagement decreased by 6% over last quarter and is consistent with the historical counts for engaged.

Percent of Participants with Substance Abuse Recovery Plan or a Mental Health Treatment Plan

This graph presents the percentage of participants who had a mental health treatment plan or a substance abuse recovery plan. Recovery plans are typically at a rate of two to one as compared to a mental health treatment plan. However, in Q3 the balance is shifting to a higher number of mental health treatment plans than usual.

Living Situation Upon Program Admission and Discharge

This graph shows the living situations of participants at the time the participant was admitted to

the program and then the living situation when discharged from the program. The purpose of this measure is to monitor the service impact on improvement of the living situation of the participant, with improvement in Q3. 15 were moved to permanent housing, 7 to supportive housing, and 2 moved to housing it daily support.

Total Individuals Referred to Service Connect and Total Admitted for Services

Not all individuals referred to the program meet the assessment criteria for admission to the program, so this graph measures the difference between the number of persons referred and the number that are admitted and served for each quarter. The results for Q3 demonstrate an increase in referrals and increase in the number served.

Social Orientation and Gender Identity (SOGI) Data

BHRS collects SOGI data in five categories at admissions and across the life of a case to inform other levels of government of the needs of all populations. Q3 displays only Sexual Orientation and Pronouns and continues the growth in “Other” to almost 15% or 2% greater than Q2.

Correctional Health Services

Correctional Health data presents the total participants that flow through Correctional Health by quarter. The counts represent the participants who were screened, medically treated, and referred for mental illness and substance abuse treatment. Q3 shows a decrease in referrals to Service Connect, but high referrals to AOD, Medical, and overall.

Service Connect Cases with PES Counts

A Psychiatric Emergency Services (PES) count is when a Service Connect participant has presented themselves at PES. Those participants that were not admitted are shown as a “visit” and those admitted are shown as “inpatient.” Involvement with PES is only counted if enrolled in Service Connect—counts do not include episodes when subject was not a participant in Service Connect. Q3 continues with low numbers in PES visits at less than half the average of 25 visits.

Average Wage/hour = \$20.32

Service Connect HSA Dashboard

FY 22-23, Q4 (April 2023 – June 2023)

New Intakes

- There were 94 intakes in Q4.
- Intakes in Q4 by program type: 37% UR, 35% AB109, 18% Probation UR, 10% Parolees.
- Under the virtual intake pilot program initiated in coordination with Sheriff's Office, 31 virtual intakes were completed in Q4 accounting for 33% of intakes.

Eligibility/Benefits

- There were 22 applications received and processed in Q4: 9 CalFresh, 8 General Assistance, 5 Medi-Cal.
- There were 9 applications approved in Q4: 7 CalFresh, 2 Medi-Cal.
- Denied applications totaled 16: 6 CalFresh, 8 General Assistance, 2 Medi-Cal. Top reasons for denial were failed to provide verifications, needs are being met, and over the income eligibility limit.
- There was one CalFresh withdrawal. Individual was in an assisted care facility with food.

Employment Services

- In Q4, 51 individuals obtained employment. Subsidized employment comprised 53% and unsubsidized employment 47%.
- Services, retail, and hotel & food were the top 3 businesses that employed individuals in Q4.
- Average wage per hour for unsubsidized employment was \$20.32.
- Total of 40 in-custody employment workshops were conducted in Q4 with graduates earning a Certificate of Completion. There were 65 graduates who completed a five-workshop cycle and 19 graduates who completed three five-workshop cycles.
- There were 8 out-of-custody employment workshops conducted.

Services Provided

- Transportation and communication were the most requested service in Q4: 115 monthly bus passes, 113 bus tickets, 24 phones, and 35 phone cards were issued serving an average of 65 individuals per month.
- Food assistance was the second most requested service: 367 meal vouchers, 105 Safeway cards, 52 food totes were issued serving an average of 60 individuals per month.
- Other services provided were personal supportive items. Individuals were provided with 142 Target cards, 15 clothing vouchers, 62 hygiene kits.
- In Q4, there were 33 individuals who utilized the motel voucher program and 4 individuals provided with shelter bed placement.

Peer Support Services .

- There were 67 individuals who received peer support services in Q4: 61% face-to-face meetings, 17% transportation, 10% phone check-ins, 5% provider support, 5% administrative support, 1% motel visits, and 1% warm hand-off.
- Iron Sharpens Iron support group had 22 participants over 10 meetings and provides a platform to discuss various barriers to successful reentry.
- In Q4, there were 12 who attended the the Enneagram Prison Project, a training program that builds on self-awareness for personal growth and development. A total of 28 have participated since it started in November 2022.
