

County Shared Fiber Services

Infrastructure to Support Modern Communications

- Voice, Video, and Applications
- Disaster Readiness
- Public Access
- Economic Development
- Educational Opportunities
- Access to Government Services

Agency Benefits

Improving government by building stronger connections

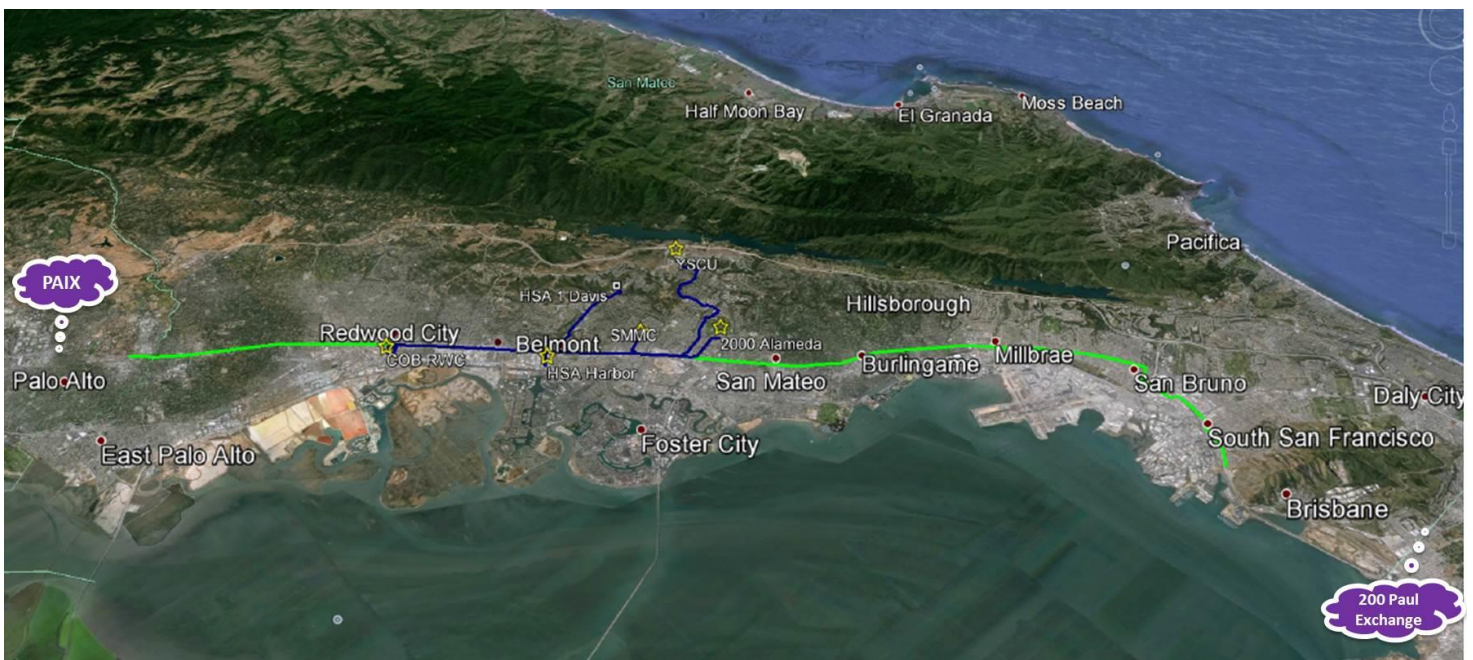

County Shared Fiber Services

Potential for shared fiber use adjacent to cities/schools/NGOs

Options to cross connect "old" fiber networks (e.g. iNet, MJRF) to new county fiber

Fiber runs from San Francisco to Palo Alto roughly along El Camino Real

JANUARY 2016 – PROJECTS CAN BEGIN TO CONNECT AGENCIES TO COUNTY FIBER BACKBONE
