Hi Bob,

It was nice to see you onsite today. As we discussed, please address the following action items prior to my next inspection (Wednesday 1/13/2021)

Lots 9/10

- Please retrieve the boxes that have blown downslope, and out of the work area on the East side of the project.

Lot 11

- Please repair the silt fence on the south side of the work area, where the lumber pile is sitting on top of a portion of the silt fence.
- Please repair the windbreak fence, which had become detached from one of the poles and was falling down.

Feel free to give me a call if you would like to discuss.

Thanks so much,

Jessie Henderson-McBean
